**Subject:** NFB Weston architect subcontract

Thanks Tim. We are 99% done but Pete and Pete stopped by the GNBC office this past Friday and there were some items from our punch list that were not completed. Plus we still are awaiting the final front window installation. I am not sure if any of the outstanding work would require architect input. Pete?

Eric

Eric,

The voicemail I left was in regards to the Architectural subcontractor. They called me earlier today to confirm that their work at NFB is now complete so that they can submit the final invoice to us. I told them I thought that portion of the job was complete but I wanted to confirm with you that there was not going to be any additional follow up prior to having them proceed.

Thanks,

Tim

Hi Tim and Ben.

I am participating in the Gotham Shield exercise today and tomorrow. I will try to look at if I have downtime. Please copy Pete. Lyndsey is on Leave but please copy her on these communications regarding the assessment products.

Tim, I just saw a missed call from you. I will see if you left a message but please email me directly if you can.

Eric
